Yes, thanks. I have put together an agenda that is still under review here. I will send it to you and Bill for review once I have all our comments addressed. Then I will schedule the call once I have a final agenda.

*Valois*

Hey Valois,

Do you have everything you need to send a meeting invite? It looks like the list is Ingrid Rosencrantz, Tom Peake, and Daniel Schultheisz for OAR; me, Bill Bates, Terrell Tiendrebeogo and Sue Kelly from HQ UIC; Susan Stahle and Leslie Darman for OGC; and then whoever R8 wants to attend.

Thanks, Jill

Hey Ingrid, I've been in meetings and just got back to my desk. R8 and HQ will both have our branch chiefs there, but no one higher. Good to know about the potential rulemaking. I have another meeting this evening before I leave so I'll give you a call tomorrow.

Do you think Sue Stahle should also be invited since she will likely be on the call EPA has with NRC? We're inviting our SDWA attorney to the meeting, Leslie Darman.

Thanks, Jill

Do you meeting with staff and/or management? If you're looking for staff, that would be me. If you want BC, add Tom Peake and Dan Schultheisz. I left you a message. There is some additional information you may want to be aware of. For example, NRC is making a decision as to whether or not to move forward with their own rulemaking on ISRs. That decision is expected to be made mid-March by the NRC commissioners. I can give you a little more detail on that if you want to give me a call.

Here's a link if you want to read NRC materials in your copious free time.

Link to SECY 19-0123, which contains the paper on NRC ISR regulatory options and other material:

Hi Ingrid,

## Ex. 5 Deliberative Process (DP)

Our next steps after meeting with you all are to briefing the R8 and Drinking Water Protection Division directors. R8 and HQ will likely have to brief our office directors and the OW AA. We're not sure yet if the NRC meeting will happen before or after the AA briefing yet. We'll get more guidance on the timing of the NRC meeting after we brief our division directors. We will keep you all in the loop about our immediate next steps as we move forward towards the NRC meeting since they have requested OAR also be included.

Thanks, Jill
